WHY YOU NEED A BIBLE COLLEGE

- 1** Every disciple of Jesus must be meticulously trained by Him, just like His twelve disciples were. This goes beyond a weekly Sunday Service.
- 2** You cannot be an effective worker for God without some amount of training. To teach, mentor, and minister to others, you need to be taught, mentored and trained.
- 3** To recognize and refute the false doctrine that is rampant in today's world. You need to master the basic and major Bible doctrines you believe.
- 4** For personal spiritual growth and maturity. You need to be challenged to grow in Bible study, prayer and fasting, soulwinning and discipling in the right environment.
- 5** To be able to help finish the task of the Great Commission. 41% of the world remains unreached after 2000 years. What is your contribution to Matt. 28:19?
- 6** For the busy professional who wants to work for God in the workplace. Your profession is your pulpit, so you should be equipped to become a Christian leader wherever you go.

WHY CDM BIBLE COLLEGE?

TESTIMONIES OF PAST GRADUATES

MOSES

I stepped into CDM Bible school as one who had just recently fully committed my life to the full rulership of Christ. Despite this huge step, I was still very much saddled with besetting sins and quite unsure of what a Christ-centered life was all about. I vividly remember that I virtually refused to speak throughout my first trimester because all the discussions in class, whether questions, answers or contributions, had to be heavily backed with scripture otherwise your words would be mercilessly shot down. Looking back, all I want to say is that I entered Bible school as a babe in Christ but I left transformed: an established disciple of Christ with my life completely hooked onto His and my heart burning with His command to reach the ends of the earth.

It is a life-changing experience. CDMBC gives you a solid grounding in your walk with the Lord. It challenges you to focus on Christ and sets you on the path of becoming like Him. It brings you to a place of purpose, helping you to identify your gifts and calling, thereby positioning you to fulfil your part in the God-honouring task of making disciples to the ends of the earth. I found CDMBC a place where you learn to practically live out the Christian life, be established in the doctrines of the Bible, and have a hands-on training in making disciples who look like Christ.

KOFI

VICKY

I am blessed to have been raised in a Christian home, but as I grew older, I sensed something was missing from my walk with God. I was saved but still felt empty within. My desperate heart led me to CDM Bible College where my knowledge about Christianity and the Trinity were challenged. I am a better-off Christian now than some years ago, knowing that the Master's desire is to have the world saved through discipleship. God bless CDM.
